

Town of Plattsburgh DRI **PROJECT INTEREST FORM**

The Town of Plattsburgh is applying for \$10 million through the Governor's DRI program. The program would be a comprehensive approach to boosting the Town's economy and furthering ongoing revitalization efforts. A key component of the program is to fund shovel-ready, transformational projects that have the potential to create an immediate, positive effect on a community.

The purpose of this preliminary Request for Projects is to identify potential projects to include in the Town's application that can provide economic and community development benefits. If awarded the funding, additional opportunities will be provided to submit and refine projects.

1. Applicant Information
